Campbell's Quality Program...

Our preschool program provides playful, hands-on learning experiences delivered by qualified preschool teachers who know what is expected in kindergarten. They plan fun-filled activities that help children build the social/emotional and pre-academic skills they will need later for success in school. The staff ratio is 1 qualified teacher for up to 12 children. The preschool schedule meshes with the school-year calendar, and the affordable rates are based on the option you choose.
